Second and final reading of an ordinance rezoning Lot 1, Block 35, The Colonies Unit No. 62 in Section 40, Block 9, BS&F Survey, Randall County, Texas, plus one-half of all bounding streets, alleys, and public way to change from Agricultural District to Residential District 1. (Vicinity: Liberty Cir. and Continental Pkwy)

Agenda Item Summary

Area Characteristics

The adjacent zoning consists of Residential District 1 to the north, east, and west and Residential District 2 to the south.

Adjacent land uses consist of undeveloped land to the west and single-family detached homes in all other directions.

Analysis

Analysis of a zoning change request begins with referring to the Comprehensive Plan's Future Land Use and Character Map, which identifies recommended future land uses. Additionally, consideration as to what impact a particular request may have on area zoning and development patterns as well as conformity to the Neighborhood Unit Concept (NUC) of development.

The Future Land Use and Character Map's recommended development type of development for this particular area is Parks-Recreation (PR). Characteristics of this recommended development type typically consists of public parks, open space, and joint City-School recreation areas. Agricultural zoning is an appropriate zoning district for such land uses and is the reasoning such zoning has remained.

When initially platted, this particular tract as well as land westward, was a future site for an Amarillo Independent School District (AISD) school site. However, the once AISD owned property has been sold to a private home developer and since platted for development of single-family detached homes. This tract represents the last remaining tract to be developed with such residential land uses.

Considering the land is no longer slated for institutional land uses (Public School), land westward was rezoned and platted for single-family detached homes, and the fact that the surrounding area is developed with or soon to be developed with single-family detached homes, departure from the recommended development type is no longer a consideration.

With regards to the Neighborhood Unit Concept of Development, this concept calls for more intensive uses such as retail, office, and multi-family development to be located at or near Section Line Arterial Intersections with the intensity of use and/or zoning decreasing inward towards the center/middle of a section. The proposed zoning and resulting residential product represents the ideal situation.

Considering this, the Planning and Zoning Commission is of the opinion that the request conforms to the above-mentioned concept of development and will not create any negative impacts on surrounding zoning and/or development patterns.

Requested Action/Recommendation
--

All property owners within 200 feet of the rezoning request have been notified. To date, no comments have been received regarding this rezoning request.

Considering all of the above, Planning Commissioners are of the opinion that the request represents a logical continuation of the adjacent Residential District 1 zoning and as such, recommends approval as presented.

CONSIDER AMENDMENT TO COMMERCIAL CONTRACT FOR SALE OF CITY OWNED PROPERTY – 57,600 SQUARE FEET OF LAND LOCATED AT THE SOUTHEAST CORNER OF 34TH AND OSAGE, AMARILLO TX

This item authorizes the City Manager to execute a contract amendment for the sale of 57,600 square feet of land located at the southeast corner of 34th and Osage.

Agenda Item Summary

In February of this year, the City executed a listing agreement with Gaut Whittenburg Emerson to list for sale 4.25 acres of city-owned land located at the SE corner of 34th and Osage. The 2.5-acre corner listed at \$12 per square foot and the eastern 1.75 acres listed at \$7 per square foot.

This property and the remaining acreage was identified by city staff as surplus property likely to receive a competitive offer, if listed. By selling the tract, the city would save money by no longer maintaining the tract. It would also bring in new tax revenue by placing it on the tax rolls and allowing for future potential sales tax revenue by selling a general retail zoned corner that has over 32,000 vehicles driving through per day. The revenue gained by selling the acreage may also be used to address other city funding needs and priorities.

Since listing in February, the City has received one offer. The offer is to purchase 43,200 square feet out of the 2.5-acre corner tract from CPL-BLL Holdings, LLC. The purchase price is for \$12 per square foot or \$518,400 minus closing costs.

If the sale is approved, City staff will also start the process of rezoning this tract and surrounding city-owned acreage from Heavy Commercial (HC) to General Retail (GR) for land uses more compatible to those found in the vicinity.

January 14, 2020 Update – due to new information of a large storm sewer line crossing the property that will require a 40’ wide easement, this will limit how the buyer planned to use the property to construct a commercial building. The city and buyer have negotiated a new price of \$403,200 and an increase in square footage to 57,600 to adjust for this new information and its impact on usage of the original 43,200 square feet.
