Agenda Item Summary

Area to be annexed

The proposed annexation represents the continuation of the Heritage Hills Subdivision southward and consists of approximately 329 acres adjacent to the southwest quadrant of Amarillo, near the northwest corner of the Hollywood Rd and Soncy Rd/Loop 335 intersection (map of area attached).

The land is vacant, yet is anticipated to develop with 949 single-family detached and/or attached homes, 39 acres of various non-residential uses, and a new elementary school for the Canyon Independent School District. Staff estimates a 7-year build out period which would consist of approximately 135 residential and 4 commercial lots developed per year.

Annexation Events

Below is a table of annexation events that have either occurred or are scheduled to occur.

First Public Hearing	March 26, 2019
Second Public Hearing	April 2, 2019
First Reading of Annexation Ordinance	April 23, 2019
Second Reading of Annexation Ordinance	April 30, 2019

Service Plan

A Service Plan detailing what municipal services shall be provided is attached for Council's review. The Service Plan provides estimated service costs and/or revenues that would result if the area is annexed.

Municipal Services

Municipal services are divided into two categories. The first is immediate services and the second is full services. Immediate services are to be provided upon annexation and as development warrants. Full services are to be provided to the annexed area within 2 ½ years.

Below is a list of both services.

Immediate services:

- Fire suppression
- Emergency Medical Services
- Fire prevention
- Police patrols
- Building permitting and inspection
- Code enforcement
- Planning services
- Library privileges
- Animal management services
- Health regulation and enforcement
- Solid waste collection
- Public Park maintenance
- Public Right-of-way maintenance
- Water and Sewer maintenance
- Traffic control and street lighting
- Public Transit
- Storm water management

Full services:

- Water and Sanitary Sewer main extensions to the area annexed

Cost associated with providing both immediate and full services will be borne by the City of Amarillo. As mentioned previously, the attached Service Plan details estimated costs of providing such services yet below are some of the more significant costs associated with annexation, should it be approved.

- \$152,280 in Water main extension costs within 2 ½ years.
- \$21,060 in Sanitary Sewer main extension costs within 2 ½ years.
- \$315,310 in TxDOT right-of-way acquisition cost (future Loop 335 to the south and west).
- \$1,085,561 in Water main upsizing (12" to 20") participation. This cost is anticipated to be spread over a 5-7 year period.
- \$135,000 for an additional solid waste truck upon significant development of the area. Additionally, once purchase occurs, an annual cost of \$95,504 for an additional truck driver salary and monthly side-loader rental rate will result.
- \$110,000 for purchase of an additional Spec-Trans vehicle to continue Spec-Trans service the area once fully developed.
- Other service costs (operations and maintenance) associated with providing services to the area are described in the Service Plan.

Anticipated revenues, should the area be annexed, are also detailed in the Service Plan. Below are estimates of typical revenues associated with annexation.

- Annual Ad Valorem taxes are expected to be \$95,620 for residential development (135 lots per year) and \$37,487 for commercial development (4 lots per year).
- Other revenues generated (drainage fees, water use, solid waste pickup) resulting from providing services to the area are described in the Service Plan.

It is worth noting that due to the area proposed for annexation being bounded on the west, south, and east by right-of-way under TxDOT ownership, the City will not bear any cost associated with the construction of its typical portion/s of section line arterial roadways (approximately a \$3,000,000 construction cost savings).

Requested Action/Recommendation
--

The area proposed for annexation is one of the more rapidly growing areas of the City and as a result, has been identified as a “near-term” growth area. Annexation of such areas is a recommended strategic action. Utilizing annexation as a growth management tool, staff believes that an opportunity exists to continue the orderly growth of the Heritage Hills Subdivision via subdivision and land use regulations, property maintenance standards, fire and construction codes, and environmental regulations.

Staff believes that if approved, efficient and effective delivery of municipal services while contributing to the City tax base would result if annexed. Therefore, staff recommends approval of the annexation request.

It is Parks and Recreation Department's understanding that an elementary school will be located within the area to be annexed, yet Parks and Recreation staff have not fielded any requests from the school district for dedication and/or maintenance of public park area. Should a request for such be submitted, Parks and Recreation will require the park area be improved per departmental policy (groundcover, irrigation, and ADA compliant) as well as review the department's ability to maintain the public area within the department's current budget before accepting the park area.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

PUBLIC RIGHT-OF-WAY

Existing Services: None

Services to be Provided: There are no existing streets or alleys within the area of annexation. Developers will provide streets and alleys within the area to be annexed at their own expense. Construction of all streets and alleys shall comply fully with City of Amarillo Street Standard Specifications. Maintenance to any future street and alley facilities will be provided by the City upon acceptance of that street or alley by the City at the completion of the required warranty period.

Estimated first year maintenance costs (sealcoating, cracksealing, and asphalt repair), at current service levels, are \$3,834 for streets and \$8,256 for alleys with costs increasing by the same amount each year for 7 years (assuming 2.32 lane miles of streets and 0.82 lane miles of alleys are constructed each year at a maintenance cost of \$1,653 per lane mile of street and \$10,069 per lane mile of alley). Once fully developed, the anticipated annual maintenance costs are \$26,838 for streets and \$57,792 for alleys.

Estimated first year maintenance costs (sealcoating, cracksealing, and asphalt repair), at a best practices level, are \$5,783 for streets and \$10,363 for alleys with costs increasing by the same amount each year for 7 years (assuming 2.32 lane miles of streets and 0.82 lane miles of alleys are constructed each year at a maintenance cost of \$2,493 per lane mile of street and \$12,639 per lane mile of alley). Once fully developed, the anticipated annual maintenance costs are \$40,486 for streets and \$72,547 for alleys.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

It is worth noting that due to the area proposed for annexation being bounded on the west, south, and east by right-of-way under TxDOT ownership, the City will not bear any cost associated with the construction of its typical portion/s of section line arterial roadways (approximately \$3,000,000 of construction cost).

Of additional note, whereas the proposed annexation will include TxDOT right-of-way (Loop 335 to the south and west), acquisition cost in the amount of \$315,310 will be borne by the City.

STORM WATER MANAGEMENT

Existing Services: None

Services to be Provided: Developers will provide storm water drainage at their own expense and will be jointly inspected by the Capital Projects and Public Works Department at time of completion. Construction of all storm water drainage facilities shall comply fully with City of Amarillo Specifications. The City will then maintain the drainage upon approval.

Estimated first year maintenance costs (street sweeping and curb and gutter), at current and best practice service levels, are \$8,053 for streets with costs increasing by the same amount each year for 7 years (assuming 0.92 linear miles of streets are constructed each year at a maintenance cost of \$8,754 per linear mile). Once fully developed, the anticipated annual maintenance costs are \$56,901.

Estimated first year Drainage Utility fee revenues are \$6,242 and increasing the same amount each year for 7 years (assuming 135 residential lots at a rate of \$2.47 per lot and 4 commercial lots at a rate of \$46.69 per lot are developed each year). Once fully developed, anticipated annual revenues are \$43,694.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

It is worth noting, during recent discussions with the developer, it is the City's understanding that the developer has yet to successfully resolve off-site drainage with TxDOT.

STREET LIGHTING

Existing Services: None

Services to be Provided: All residential street lighting will be provided by the developer. The City of Amarillo Traffic Engineering Department will coordinate any request for improved street lighting with the local electric provider in accordance with City of Amarillo Lighting Standards. As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

TRAFFIC ENGINEERING

Existing Services: None

Services to be Provided: After annexation, the City of Amarillo Traffic Engineering Department will provide additional traffic control devices deemed necessary by that Department.

Traffic signing will be placed as development occurs and appropriate locations. Signing will include Stops, Yields, Do Not Enter, 1-Way, and Speed Limit as required. Based upon the proposed street layout, a minimum of 95 individual sign pole installations will be required at a current cost of \$180 per installation for a total of \$17,100. Traffic activities be afforded to the annexed area within current budget appropriation.

Existing traffic patterns warrant a traffic signal at either Soncy Rd. and Heritage Hills Pkwy. or at the intersection of Heritage Hills Prkwy. and the future Loop 335. Signalization cost will fall between \$300,000 to \$500,000. Consultant design fees and any additional roadway preparation may push signal install costs higher.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

WATER SERVICE

Existing Services: None

Services to be Provided: Water service to the area will be provided in accordance with State Law.

It is anticipated that approximately \$152,280 in water extension costs within 2 ½ years will be borne by the City to provide service to the annexed area.

Estimated first year operating and maintenance costs are \$62,550 with costs increasing by an equal amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year at a cost of \$450 per connection). Once fully developed, the anticipated annual maintenance costs are \$438,750.

Estimated first year revenues are \$46,795 with revenue increasing by the same amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year and a residential customer uses 8,000 gallons monthly at a rate of \$27.13 a gallon and a commercial customer uses 15,000 gallons a month at a rate of \$59.26 a gallon). Once fully developed, the anticipated annual revenues are \$327,565

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

It is worth noting that as phases of the area develop, the developer will be responsible to "loop" the water mains via 12" mains around the area. As this occurs, the City will participate in upsizing to a 20" main and the anticipated cost is \$1,085,561. This cost is anticipated to be spread over a 5-7 year period.

SANITARY SEWER SERVICE

Existing Services: None

Services to be Provided: Sanitary Sewer service to the area will be provided in accordance with State Law.

It is anticipated that approximately \$21,060 in Sanitary Sewer extension costs (20 linear feet of 10" sanitary sewer line and one manhole) within 2 ½ years will be borne by the City to provide service to the annexed area.

Estimated first year operating and maintenance costs are \$44,550 with costs increasing by an equal amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year at a cost of \$211 per connection). Once fully developed, the anticipated annual maintenance costs are \$311,850.

Estimated first year revenues are \$43,862 with revenue increasing by the same amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year and an average monthly rate of \$25.88 per residential customer and \$40.36 per commercial customer). Once fully developed, the anticipated annual revenues are \$307,040.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

SOLID WASTE SERVICES

Existing Services: None

Services to be Provided: After annexation, solid waste collection shall be provided to the area of in accordance with the present City ordinance. Service shall begin with occupancy of structures.

Estimated first year service and maintenance costs are \$27,338 with costs increasing by the same amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year at a monthly cost of \$16.39 per lot). Once fully developed, the anticipated annual service and maintenance costs are \$287,267 (a service cost rate of \$16.39 per lot totaling \$191,369 annual service costs plus an additional annual service cost of \$95,504 for an additional truck driver salary and monthly side-loader rental rate).

Estimated first year revenues are \$26,057 with revenue increasing by the same amount each year for 7 years (assuming 135 residential and 4 commercial lots are developed per year and average monthly rate of \$15.59 per customer). Once fully developed, the anticipated annual revenues are \$182,403 annually.

It is worth noting that as significant development occurs, an additional one time cost of \$135,000 for an additional truck is necessary to continue services. Budgeting for the additional truck will need to be taken into account as development occurs. Additionally, as each phase is developed, upfront costs for equipment (dumpsters) at a rate of \$500 each will be required to serve the area. One dumpster is required for every 3.5 homes developed.

As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

TRANSIT

Existing Services: None

Services to be Provided: There are no plans for fixed route service within the area proposed for annexation, yet Spec-Trans service will be provided upon annexation. First year service cost is estimated to be \$3,741 with an average yearly increase in service cost of approximately \$5,225 a year (yearly increase takes into account inflation and increased trip lengths) for a total of \$127,782 service cost at the end of the build out period.

Estimated maintenance costs for service is \$35,100 assuming all factors remain the same and no fixed route service is added to the area.

At the end of the build out period, it is anticipated that purchase of an additional Spec-Trans vehicle in the amount of \$110,000, would be required to continue Spec-Trans service to the area. As the City experiences growth, additional resources may need to be addressed in order to maintain levels of services.

AD VALOREM TAX

Expected first year Residential Ad Valorem taxes are expected to be \$95,620 and \$37,487 for commercial development (assuming 135 residential lots and 4 commercial lots are developed per year at a tax rate of \$0.368380). Once fully developed, anticipated annual revenue is \$931,749 annually once fully developed.

All other applicable municipal services will be provided to the area in accordance with the City of Amarillo's established policies governing extension of municipal services to newly annexed areas.

CONSIDERATION OF A INTERLOCAL AGREEMENT BETWEEN THE CITY OF AMARILLO AND AMARILLO COLLEGE TO PROVIDE TRANSIT SERVICES

Agenda Item Summary

This interlocal agreement between the City of Amarillo and Amarillo College (AC) allows for current AC students, faculty, and staff to ride Amarillo City Transit (ACT) in exchange for an annual sum of \$25,000. This proposed service will be provided as a one-year demonstration project starting in August 2019 as a means of increasing class participation and enrollment for students with insufficient transportation to get to AC.

Requested Action

Request consideration of the interlocal agreement between the City of Amarillo and AC to provide transit services, authorizing the City Manager to execute the agreement.

Funding Summary

AC will provide the City of Amarillo \$25,000 annually to provide this service to current AC students, faculty, and staff. This benefit to current AC students, faculty, and staff will be provided through the existing ACT route structure, resulting in no additional cost to the City.

Community Engagement Summary

An AC study found that 11% of the AC students had unreliable transportation or none at all. Anyone presenting a current AC identification would be able to ride any ACT route at no cost. AC will promote the partnership to encourage usage of ACT service. ACT will benefit from a ridership increase that could increase federal funding levels. This demonstration project addresses two Council Pillars established in the Vision for the Future of Amarillo: Highly Education Population and Transportation Systems.

ACT has engaged the public as part of the Master Planning Process and continues to conduct outreach with each new initiative. AC will promote the use of ACT service community wide to encourage enrollment.

Staff Recommendation

Staff recommends approval of the interlocal agreement authorizing the City Manager to execute the agreement with AC to provide transportation services for current AC students, faculty and staff.

This service was conceived to provide service to that estimated 11% of the AC population that has transportation insufficiency. However, AC and AMARILLO agree that, for administrative convenience and efficiency, this transit service is to be made available to all current Amarillo College students, faculty and staff.

- 6. Exhibit incorporated.** The provisions of Exhibit A are incorporated herein by this reference as though stated here verbatim. The governing body of each Party hereby authorizes its point-of-contact official to mutually agree (without the need of further approval by either governing body) to minor adjustments in the operational procedures, allocated duties, rights, etc. described in Exhibit A to facilitate greater efficiencies, reduce opportunity for errors, and better serve the public, so long as such adjustments do not require or constitute a material change in fees, costs, or the performance required of a party.
- 7. Liability.** The purpose of this Agreement is only to set forth the rights and duties of the Parties with regard to the governmental function, services, or transaction described. This agreement does not create any right, benefit, or cause of action for any third party. By executing this Agreement, neither Party

waives, nor shall be deemed hereby to waive, any immunity or defense that would otherwise be available to it against claims arising out of the approval or performance of this agreement. Each Party shall be solely responsible for any loss, damage, injury, or death to a third party (parties) arising out of or related to the acts or omissions of it's employees or agents and not those of any other party.

8. Venue. Each Party agrees that if legal action is brought under this Agreement, then exclusive venue shall lie in the county in which the defendant Party is located and, if located in more than one county, in the county in which the principal offices of the defendant Party are located.

9. Effective date & Term. This Agreement shall become effective on the first day after it has been approved the governing body for each respective entity. This Agreement shall remain in full force and effect for a term of one (1) year from the effective date hereof. This Agreement shall automatically be renewed for additional one-year terms unless and until a Party cancels it by giving thirty (30) days written notice to the other Party.

10. Severance & Survival. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any aspect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been stated herein. The provisions of paragraphs 7, 8, and Exhibit A inclusive, shall survive termination, cancellation, expiration or non-renewal of this Agreement.

11. Entire Agreement; Amendments. This Agreement contains all of the commitments and agreements of the Parties. Any oral or written commitment not stated herein shall have no force or affect. This Agreement may be amended or modified only by mutual agreement in a writing signed by both Parties. In the event of a conflict between the terms of this agreement and Exhibit A, then the terms of Exhibit A shall control.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their authorized officers the day and year written below.

Consideration of an Aviation Clear Zone Easement, being 3,800 feet above mean sea level above the plat of Cross Texas Addition Unit No. 2, a suburban subdivision to the City of Amarillo, being an unplatted tract of land in Section 76, Block 2, AB&M Survey, Randall County, Texas.

Agenda Item Summary

The above referenced Aviation Clear Zone (ACZ) Easement is being requested by the City of Amarillo and is associated with the plat Cross Texas Addition Unit No. 2 .

To ensure safety of operation and protection of air traffic operating into and out of the airport, future physical development around the airport needs to be regulated. In 1981, the Texas Legislature enacted the Airport Zoning Act, cited as Chapter 241 of the Local Government Code, which authorized cities in the state to establish and administer regulations pertaining to the height of structures and compatible land uses in the vicinity of the airport. One of the tools established in the Amarillo Code of Ordinances that allows the City of Amarillo to regulate this type of development is the Airport Height Hazard and Zoning Regulations (Chapter 4-9) which establishes minimum requirements to control the height and use of structures that may develop in the vicinity of the airport.

The ACZ Easement document is established during the platting of a tract of land to set the height regulations for noting on the associated plat, and the legal document is signed by the owner/developer of the tract. The placement of the note on the plat ensures that the height regulation is easily found by any future owner of the tract of land. Each ACZ Easement has an associated height regulation that is determined by the tract’s proximity and location around the airport. For example, areas at the end of the runway will likely have a lower height regulation than ones at the same distance that are located adjacent to the length of the runway. The reason for this is because aircraft taking off or landing will need to be at a lower altitude during its approach or departure portion of the traffic pattern for the each associated runway.

This ACZ Easement is establishing a height regulation of 3,800 feet above mean sea level for the plat of Cross Texas Addition Unit No. 2.

Approval - Center City Tax Increment Reinvestment Zone #1 Developer Agreement for Chase Tower, LLC:

This item approves a Tax Increment Reinvestment Zone (TIRZ) #1 Developer Agreement for the FirstBank Southwest Tower building located at 600 S. Tyler. A 90% property tax rebate over a 15-year period, to assist with converting two floors of office space to residential housing units.

Agenda Item Summary

On April 11, 2019 the Board of Directors of Tax Increment Reinvestment Zone (TIRZ) #1 approved a request for TIRZ incentives associated with 600 S. Tyler, also known as FirstBank Southwest Tower. Originally built as an office building in 1971, the applicant is proposing to convert the 10th and 11th floors into residential housing units.

This project would consist of converting 21,000 square feet to approximately 12-18 units between 800-1,500 square feet each. The project includes an estimated \$2,500,000 of total construction costs, including utility/infrastructure improvements to the building to support residential construction. A minimum investment of \$1,900,000 will be required. The redevelopment of the structure meets the goals of the Downtown Strategic Action Plan by developing residential units within the TIRZ Boundary.

TIRZ assistance in the form of a property tax rebate is requested due to the higher costs of converting the floors to residential compared to maintaining the office as-is, as well as the risks involved in entering the residential market downtown. The developer has previously invested over \$2 million in fire sprinkler systems, chillers, energy management system, and fire detection that would assist with the residential conversion. Such TIRZ participation is consistent with the policy goals of the TIRZ Project and Financing Plan.

The Tax Reimbursement Developer Agreement stipulates a 90% reimbursement of annual increment generated by the project's ad valorem tax revenue above base year 2019, for fifteen years, with no cap.

Requested Action

Approve as presented. This agreement was approved by the TIRZ #1 board 6-0-1 during their April 11, 2019 Board meeting. The item was presented to the Potter County Commissioners for comment on April 22, 2019.

Funding Summary

Funding for this incentive is provided through the TIRZ #1 budget, and with this being a reimbursement the property owner must pay their annual taxes before receiving a reimbursement in June of the following year.

Staff Recommendation

Staff recommends approval as presented

**DEVELOPER AGREEMENT
TAX INCREMENT REINVESTMENT ZONE NO. 1,
CITY OF AMARILLO, TEXAS**

This DEVELOPER AGREEMENT ("Agreement") is entered into by and between the **TAX INCREMENT REINVESTMENT ZONE NUMBER ONE, CITY OF AMARILLO, TEXAS** (the "Zone"), by and through its administrative board appointed in accordance with Chapter 311 of the Texas Tax Code (the "Act") to oversee the administration of the Zone, a reinvestment zone designated by ordinance of the City of Amarillo, Texas ("City") in accordance with the Act, and Chase Tower, LLC (Developer).

The Zone and Developer hereby agree that the following statements are true and correct and constitute the basis upon which the Zone and Developer have entered into this Agreement:

WHEREAS, on December 19, 2006, the City Council approved Ordinance No. 7012 establishing Tax Increment Reinvestment Zone Number One, City of Amarillo, Texas, (the "Zone") in accordance with the Tax Increment Financing Act, as amended (V.T.C.A., Tax Code, Chapter 311) to promote development and redevelopment in the area through the use of tax increment financing;

WHEREAS, on November 13, 2007, pursuant to Ordinance No. 7076, the CITY approved Tax Increment Financing Reinvestment Zone Number One, City of Amarillo, Texas, Project and Financing Plan (the "Plan") and certain amendments to Ordinance No. 7012;

WHEREAS, pursuant to the Plan, certain tax revenues will flow into a fund to be administered by the Zone, known as the Tax Increment Fund (TIF); also, the Zone may receive other gifts, grants or other revenue to be accounted for separately from the TIF but used only for duly approved authorized purposes of the Zone;

WHEREAS, pursuant to Section 311.010 of the Act and the provisions of City Ordinance No. 7012, as amended, City has delegated to the Zone the powers necessary for the implementation of the Plan, which powers include the power to enter into agreements for the construction of both private and public improvements that accomplish or enhance one of these four goals: 1) Convention Hotel, 2) Urban Residential Development, 3) Office/Commercial/Retail Development, or 4) Ballpark/Family Entertainment Venues;

WHEREAS, the Zone and City recognize the importance of its continued role in local economic development, including incentives under Chapter 380, Texas Local Government Code;

WHEREAS, Developer owns or controls certain property located within the Zone and has requested reimbursement for constructing certain improvements pursuant to the Plan; and,

WHEREAS, Developer's proposed project was approved for TIRZ participation by the Amarillo City Council on _____;

NOW THEREFORE, in consideration of the mutual covenants and obligations herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1. Site

Developer owns or is under contract to purchase certain real property (the "Property"), which is within the city limits of Amarillo and the boundaries of the Zone. The Property is specifically described in Exhibit A.

Section 2. Project & Financing

The project involves redevelopment of 21,000 square feet (two floors) out of an existing 295,835 square foot building on multiple lots located at 600 S. Tyler into residential housing units (the "Private Improvements"), which are more particularly described on Exhibit B-1.

Developer understands and agrees that the cost of the Private Improvements associated with the Project shall be funded by and through Developer's own capital or other financing means arranged and obtained by Developer. Further, the TIF payments made to Developer pursuant to this Agreement are not intended to reimburse Developer for all of its costs incurred in connection with performing its obligations under this Agreement.

Section 3. TIF Participation: partial reimbursement of tax increment

Subject to all limitations and conditions precedent contained in this Agreement and the attached exhibits, Zone agrees to provide: annual reimbursement to Developer of ninety percent (90%) of the annual ad valorem tax increment from participating taxing entities that is generated by the Property's ad valorem tax revenue for a term not to exceed fifteen (15) years after the effective date stated herein. The term "tax increment" means the difference in tax revenue on the Property between the year in which City approved this Agreement and January 1 of each subsequent tax year during the term of this Agreement.

Unless explicitly provided differently in an exhibit attached hereto, all grants, loans, reimbursements and any other financial payment to Developer under this Agreement shall be made in annual installments in June of each year, commencing with the 2021 tax year, provided all information demonstrating current taxes have been paid on the Property and that any other prerequisites stated in this Agreement have been satisfied.

During each fiscal year for the term of this Agreement, payment of the annual installment to Developer shall have priority for reimbursement over all other Zone expenditures subject only to (i) preexisting debt service and (ii) any pre-existing annual expenditures required to be made pursuant to other Developer Agreements prior in time to this Agreement.

Zone also reserves the right, when payments come into the Tax Increment Fund, to prepay all or any portion of the total amount to be reimbursed under this Agreement at any given time. If City in its sole discretion issues Tax Increment Funds Bonds to pay for previous and future projects, Zone may fully reimburse Developer from bond proceeds received, the existing unpaid balance plus accrued interest under this Agreement, and under any other outstanding developer agreements within the Zone.

Section 4. Reimbursement Limited to TIF Fund

Developer understands and agrees that any and all payments, obligations, grants, loans, reimbursements and any other form of financial obligation imposed on the Zone by this Agreement ("Reimbursement") shall be made solely from then-currently available revenues in the TIF Fund and subject to pre-existing commitments and all other terms of this Agreement and applicable laws. In the event that there is not sufficient revenue in the TIF Fund to timely pay Developer any part of the Reimbursement, the Zone will pay Developer such portion of the Reimbursement that may be available at the time. The balance of any due but unpaid Reimbursement shall be carried forward without interest and paid by the Zone in the first year in which there is sufficient revenue in the TIF to pay such balance. Developer agrees that it will not look to other funds of the Zone, bonds or funds of the City, or any property of the Zone or City for all or any portion of the Reimbursement. Upon termination of the Zone on December 19, 2036, as provided by Ordinance No. 7012 or such other date as may be specified in a subsequent ordinance adopted in accordance with Section 311.017 of the Act, any portion of the Reimbursement that has not been paid due to the unavailability of revenue in the TIF Fund or due to Developer's failure to meet any precondition under this Agreement for receipt of the Reimbursement shall no longer be considered Project Costs of the Zone, and any obligation of the Zone to pay Developer any remaining balance of the Reimbursement shall automatically expire.

Section 5. Term

The term of this Agreement shall begin upon the effective date and end upon the earlier of: (a) the complete performance of all obligations and conditions precedent by parties to this Agreement; (b) expiration of fifteen years after commencement of reimbursements; or (c) the expiration of the term of the Zone.

Section 6. Exhibits

The parties agree that each and every exhibit that is mentioned in and attached to this Agreement is a material part of this Agreement and each such exhibit is by this reference, incorporated into this agreement for all purposes as thought set forth verbatim here.

Section 7. Force Majeure

It is expressly understood and agreed by the parties that if the performance of any obligation hereunder is delayed by reason of war, civil commotion, acts of God, inclement weather, governmental restrictions, regulations, or interferences, delays caused by the franchise utilities (SPS/Xcel Electric, Southwestern Bell Telephone, Atmos Gas, Suddenlink Cable or their Contractors or other utilities or their contractors), fire or other casualty, court injunction, necessary condemnation proceedings, acts of the other party, its affiliates/related entities and/or their contractors, or any actions or inactions of third parties or other circumstances which are reasonably beyond the control of the party obligated or permitted under the terms of this Agreement to do or perform the same, regardless of whether any such circumstance is similar to any of those enumerated or not, the party so obligated or permitted shall be excused from doing or performing the same during such period of delay, so that the time period applicable to such design or construction requirement shall be extended for a period of time equal to the period such party was delayed.

Section 8. Indemnity

DEVELOPER AGREES TO DEFEND, INDEMNIFY AND HOLD THE ZONE, THE BOARD, THE CITY AND THEIR RESPECTIVE OFFICERS, AGENTS AND EMPLOYEES, ASSIGNS AND SUCCESSIONS, HARMLESS AGAINST ANY AND ALL CLAIMS, DEMANDS, LAWSUITS, JUDGMENTS, COSTS AND EXPENSES, INTEREST, AND ATTORNEY FEES FOR PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE (INCLUDING LOSS) OR OTHER HARM FOR WHICH RECOVERY OF DAMAGES IS SOUGHT THAT MAY ARISE OUT OF OR BE OCCASIONED BY DEVELOPER'S BREACH OF ANY OF THE TERMS OR PROVISIONS OF THIS AGREEMENT, OR BY ANY NEGLIGENT ACT OR OMISSION OF DEVELOPER, ITS OFFICERS, AGENTS, ASSOCIATES, EMPLOYEES, CONTRACTORS OR SUBCONTRACTORS IN THE PERFORMANCE OF THIS AGREEMENT; EXCEPT THAT THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH SHALL NOT APPLY TO ANY LIABILITY RESULTING FROM THE SOLE NEGLIGENCE OF THE ZONE, BOARD OR CITY OR THEIR RESPECTIVE OFFICERS, AGENTS, EMPLOYEES OR CONTRACTORS, AND IN THE EVENT OF JOINT AND CONCURRENT NEGLIGENCE OF BOTH DEVELOPER AND ZONE, RESPONSIBILITY, IF ANY, SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. HOWEVER, NOTHING IN THIS SECTION WAIVES ANY IMMUNITY OR OTHER DEFENSE AVAILABLE TO THE ZONE, BOARD OR CITY UNDER TEXAS OR FEDERAL LAW.

Section 9. M/WBE Goals

In satisfaction of the Zone's obligations under Section 311.0101 of the Act, Developer shall make a good faith effort to comply with City's policy regarding participation of business enterprises eligible as small, minority, or women-owned business enterprises in subcontracting any of the construction performed on the Project. Upon Developer's request, City shall provide Developer with access to the list of companies that qualify as such a business enterprise. Developer shall: (i) maintain records showing its contracts, supply agreements, and service agreements with such Business Enterprises, as well as its efforts to identify and award contracts to such Business Enterprises; and, (ii) provide a report to the Zone annually during construction, in a manner reasonably prescribed by the Board, documenting its efforts to comply with this paragraph.

Section 10. Events of Default & Remedies

A default shall exist if either party fails to perform or observe any material covenant contained in this Agreement, including exhibits, which is not otherwise excused under the terms of this Agreement. The non-defaulting party shall immediately notify the defaulting party in writing upon becoming aware of any change in the existence of any condition or event that would constitute a default or, with the giving of notice or passage of time, or both, would constitute a default under this Agreement. Such notice shall specify the nature and the period of existence thereof and what action, if any, the non-defaulting party requires or proposes to require with respect to curing the default.

If a default shall occur and continue, after thirty (30) day's notice to cure default, the non-defaulting party may, at its option, pursue any and all remedies it may be entitled to, at law or in equity, in accordance with Texas law, without the necessity of further notice to or demand upon the defaulting party. The Zone shall not, however, pursue remedies for as long as Developer proceeds in good faith and with due diligence to remedy and correct the default, provided that Developer has commenced to cure such default within the 30 days following notice.

Section 11. Venue and Governing Law

This Agreement is performable in Potter County, Texas and venue of any action arising out of this Agreement shall be exclusively in Potter County. This Agreement shall be governed and construed in accordance with the Charter, ordinances, and resolutions of the City of Amarillo, applicable federal and state laws, the violation of which shall constitute a default of this Agreement. To the extent permitted by law, the law of the state of Texas shall apply without regard to applicable principles of conflicts of law, and the parties submit to the jurisdiction of the state and federal courts in Amarillo, Potter County, Texas.

Section 12. Notices

EXHIBIT B-1
PRIVATE PROPERTY IMPROVEMENT

SECTION 1. IMPROVEMENTS TO BE CONSTRUCTED

Developer promises to redevelop the building, resulting in the following improvements to the Property described in Exhibit A:

Business/Land Use	<u>21,000</u> square feet (two floors) out of an existing <u>295,835</u> square foot office/mixed-use building to be converted to residential housing units
-------------------	---

SECTION 2. FINANCIAL ANALYSIS

Analysis indicates the financial feasibility of the Project is negatively affected due to the fiscal impacts created with the renovation and conversion of two floors to residential of this property. The proposed gap assistance will encourage and support the Project and is consistent with the goals of the Zone and public purpose to diversify the economy, increase residential units, eliminate un-and under-employment in the Zone, develop or expand business, and commercial activity in the TIRZ. Making grants and loans from the TIF of the Zone will serve those ends.

In order to make Developer's planned development financially feasible, Developer has requested that the Zone reimburse Developer for certain actual costs incurred for financial "gap" assistance per §311.010 of the Texas Tax Code and chapter 380 of the Texas Local Government Code.

SECTION 3. DEVELOPER'S OBLIGATIONS

As conditions precedent to the Zone making any payment from the TIF to Developer, the Developer must:

- Secure not less than \$1,900,000 in private investment for the Project on the Property.
- Comply with all terms, conditions, and obligations of this Exhibit B-1 and the Agreement to which it is attached.
- Obtain a Certificate of Occupancy for the building on or before July, 2020.
- Anticipate the first reimbursement no earlier than June 1, 2022 based on 2021 property tax statements. There will be no reimbursement until a Certificate of Occupancy is issued, all taxes on the Property are paid to current, and all other conditions of this exhibit and the Agreement are satisfied.
